## Roca Rimless® Vortex<sup>N</sup>

A bowl specially designed to optimise water flow, flush performance and hygiene.

This innovative design replaces the traditional toilet rim with a smooth edge, enabling water to create a powerful 360-degree swirling flow across the entire surface of the bowl. The result is exceptional cleaning performance with minimum water consumption.

Discover the **NEW** Roca Rimless® Vortex technology

### Maximum Hygiene

An effective 360° whirlwind flush system with an enhanced water path to ensure complete coverage of every part of the bowl up to four times.

### No Splashback

Water-saving dual-flush system with silent solution and reduced splashing effect for maximum hygiene and optimum performance.

### Easy Cleaning

Interior bowl with no hidden nooks and crannies for dirt and germs to accumulate.

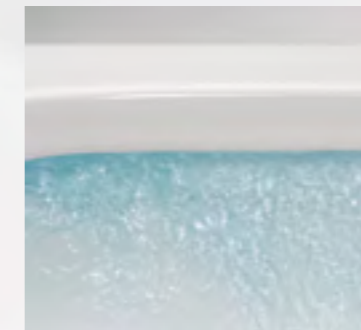

### Extra Silent

A smoother and more efficient water outlet reduces turbulence and noise.

### Easier to clean

Smooth interior walls and no rims.

### Larger clean area

The design of the bowl allows water to flow upwards, cleaning the entire surface.

### Optimal flushing

Rimless technology flushes the water around the pan providing a thorough flush.

### Hygienic solution

Uniform distribution of water washes the entire surface of the bowl.

## Rimless® Technology

Hygienic solutions for every bathroom

Rimless® toilets offer a hygienic solution, the elimination of the rim discourages unwanted germs which can often breed underneath standard toilet rims.

Low water consumption and optimum flushing performance complement the hygienic benefits of a smooth, corner-free design.

## Touchless dual flush valve for close-coupled toilets

### EM1 / Touchless dual flush universal mechanism

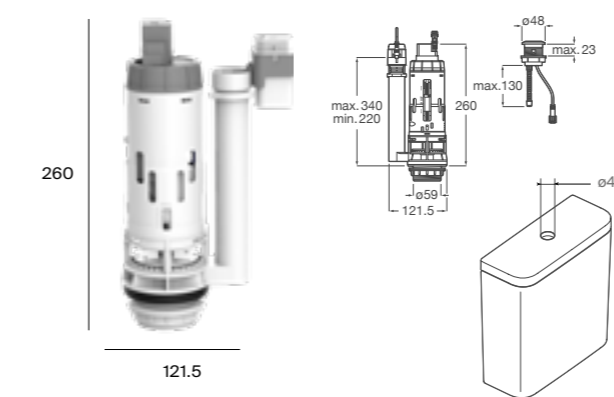

**Touchless = Hygiene**  
The flush activates without contact thanks to an integrated infrared sensor, avoiding the spreading of viruses and the growth of bacteria.

**Quick install**  
Quick assembly and activation.

**Compatible WCs**  
Compatible with most cisterns with a  $\varnothing 40\text{mm}$  cistern hole and an external cistern height (with cistern lid) of 360-390mm.

Touchless dual flush universal mechanism

A822599900  
Touchless dual flush universal mechanism

£144.93

Please note: The EM1 Touchless dual flush mechanism is NOT compatible with Ona close-coupled cisterns.

**Universal**  
Compatible with most cisterns with a  $\varnothing 40\text{mm}$  cistern hole and an external cistern height (with cistern lid) of 360-390mm.

**Adjustable dual flush**  
Full and half flush volumes to be adjusted between 2 and 6 litres.

**No electrical installation**  
It works on 4 AA batteries (not included) that guarantee more than 40,000 flushes. It also works manually if the batteries run out.

The dual flush valve body has WRAS approval.

**User friendly**  
Just a simple wave of the hand. EM1 recognises the required flush (full or half flush volumes).

**Wave hand**  
Half flush  
3/2 litres

**Still hand**  
Full flush  
6/4, 5/4 litres

Dimensions are in mm. All prices are inclusive of VAT.

Benefits of Stonex®, Roca's innovative composite resin material that combines safety, hygiene and aesthetics

**Anti-slip**

The textured surface has been specially engineered to adhere to the highest anti-slip standards (Class C\*) increasing safety for all users.

\*According to DIN 51097 norm

**Adaptable**

Easily adaptable to any kind of spaces, thanks to it's cut-to-size options.

**Extra slim**

The exclusive formulation of Stonex® enables the production of extra slim pieces that can be installed at floor level, providing seamless integration, removing barriers and allowing easy access to the shower.

**Resistant**

Stonex® is extremely resistant to wear and tear, discoloration, chemical agents and UV light.

**Hygienic**

Compliant with the most demanding hygienic standards, impeding the spread of microorganisms on the surface.

\*Certified by Applus: UNE-EN ISO 846

**Easy cleaning**

The surface is designed for stress-free maintenance and can be easily cleaned with soap and water.
