Radiator valves

Primaflow F&P's radiator valves range from the functional to the luxurious. Choose from basic **Optima** or **Crestalux** valves with rising stem or the BS 2767-10 **Optima Plus**. Primaflow F&P offers angle and straight patterns with an integral draw off option. For energy efficiency and comfort **Primaflow TRVs** are available in straight or angle pattern with standard white or chrome plated heads. The **PRO TRV** offers an economic alternative for contract work. **Optima** towel warmer valves add a quality touch to any bathroom whether contemporary, traditional or minimalistic in style.

GEBERIT MAPRESS COPPER

GEBERIT

**Geberit
Mapress
Copper**

Geberit Mapress can be used to fit supply systems including heating, cooling, gas and potable water. Press connection technology is fast becoming one of the top installation methods of choice for installers looking for a speedy, reliable turnaround on projects while also reducing risk on-site. Requiring no adhesives, solvents or hot works, the press fit connections can be easily rotated into tight spaces; particularly useful on retrofit projects.

HOW
INSTALLED**

Geberit pressing tools are compact, lightweight and convenient. The highly efficient electro-hydraulic functions are recommended for quick and efficient results on all dimensions, making them the perfect choice to fit Geberit Mapress.

Geberit Mapress is easy to install with no hot works or costly one-hour cooling down period, our advanced press-fit solutions offer leak-free, hassle-free installation and long term performance. Overall a great solution to save you time and money.

COMPRESSION FITTINGS - PC210 SERIES

Compression fittings

PC210 Series

Many of our Primaflow PC210 fittings are manufactured to BS EN1254-2 and are WRAS approved and kitemarked. Certificate number 1607050.

Kitemarked WRAS Approved

Maximum temperature	Maximum pressures for nominal diameters from 6mm up to and including 54mm
°C	bar
30	16
65	10
110	6
120	5

Male threads are cut to parallel or taper form as denoted by the suffix P or T respectively in the item designation. Parallel threads meet ISO 228 (formerly BS 2779). Taper threads meet EN 10226 / ISO 7 (formerly BS 21).

Licence KM531734

WHY PRIMAFLOW F&P?

OUR SERVICE PROPOSITION

We guarantee the widest range of products, the best delivery service and highly competitive pricing because **we simply deliver more to our customers.**

IT'S SO GOOD WE PUT OUR NAME ON IT

The **ONLY TUBE** You Need

- **Multi-use** for All Trades
- Perfect for **Sanitaryware**, Tiles, Mirrors, Metals, Wood, Stone, Concrete, Marble & Brick
- Seals and Bonds
- Fills and Fixes
- Anti Mould
- Waterproof
- Durable
- Fast Curing
- **No Solvents** or Isocyanates

The only sealant **Tested and Approved** for use with **McAlpine Plumbing Products**

Available in **Brilliant White & Super Clear**

ANTI-FUNGAL

DURABLE

FAST CURING

HIGH STRENGTH GRAB

BONDS IN THE WET

INTERNAL AND EXTERNAL USE

LOW ODOUR

SOLVENT FREE

PAINTABLE

UNIQUE FORMULA

Flexible soil and waste couplings

- Consists of sleeves based on moulded synthetic polymer
- Stainless steel clamps to ASTM A167
- Sheet, strip and screws to ASTM 1493

FloPlast

WC connectors & air admittance valves

- Removal of unsightly ventilation stack.
- Removes the need for the installer to work & handle pipe above the roof line. (Working at height and manual handling requirements).
- Reduced installation time.
- Materials cost saving - bends, pipe, vent cowl.

NEW ANTHRACITE GREY

110mm RING SEAL SOIL AND 32/40mm ABS SOLVENT WELD SYSTEMS

110mm Ring Seal Soil

- Manufactured to BS EN 1329-1, BS4514 and BS EN 1453-1 from PVC-U material to give a strong and durable product suitable for high temperature discharge.
- Provides an efficient means of waste water drainage and foul drainage from appliances.
- Comprehensive range of fittings.
- Lightweight and easy to work with.
- Consistent in gloss and colour.
- Push-Fit ring seal joint.
- Colour matches our existing Anthracite Grey ranges.

32/40mm ABS Solvent Weld

- Manufactured to BS EN 1455-1 from ABS material to give a strong and durable product suitable for high temperature discharge.
- Light weight yet strong and cost effective option.
- Consistent in gloss and colour.
- Easy to install and low maintenance.
- Comprehensive range of fittings.
- Solvent weld joints.
- Colour matches our existing Anthracite Grey ranges.

To see the full range of products, please visit www.floplast.co.uk

FloPlast MDPE BLUE COMPRESSION SYSTEM

FloPlast MDPE Blue Compression System

MDPE compression fittings are manufactured to BS EN 12201.

Features

- High impact resistant body and nut which enables it to absorb thermal and mechanical stress
- The fittings have a co-polymer polypropylene body, nut & thrust ring, acetal grab ring and nitrile seal
- Excellent pressure resistance, tested to 48 bars. Comfortably exceeds the performance requirements of UK water bylaws scheme

JG Speedfit should not be used for gas, fuel oil or compressed air applications

JG Speedfit® PEX & Polybutylene Pipe

JG Speedfit fittings have been designed for use with both plastic and copper pipe, in diameters of 10mm to 28mm, and are approved by the Water Research Centre within the requirements of the UK Water Fittings Byelaws Scheme.

The twist and lock speedfit fittings have a collet with stainless steel teeth and an 'O' ring to provide a permanent leak-proof seal. A simple twist of a screw cap locks the pipe into position and increases the compression on the 'O' ring seal to give added security.

JG Speedfit products are fully certified by the British Board of Agreement, approved by the Water Regulations Advisory Scheme, and are kitemarked to BS7291, Parts 1 and 3.

- Mains fed and indirect cold water systems
- Vented and unvented hot water systems
- Vented central heating systems
- Sealed central heating systems provided temperatures and pressures comply with BS7291 Parts 1 and 3 Class S

British Gas accepted for water pipe in vented and sealed central heating systems

F&P

WE SIMPLY DELIVER MORE

MAKE YOUR JOB EASIER WITH

www.primaflowfandp.co.uk

It's **quick, easy & convenient**

WHY ORDER ONLINE?

See the prices you pay at a glance

View your buying price, manufacturer list price and discount in one.

Check up-to-date stock levels

See live stock levels from your local branch.

Place an order after 5pm

Using the website to place orders allows you to do so at a time that suits you.

Invoice to Inbox

Review your order instantly with order confirmation emails sent as soon as you place the order online. This allows you to easily keep track of not just what you have ordered, but how many and the value of your order.

Enhanced product details

From manufacturer guarantees, features and benefits. The website holds a wealth of product information and technical detail, so you can answer customer questions easier and find the right product for their project.

Hep₂O POLYBUTYLENE PIPE

Polybutylene Pipe

Hep2O flexible push fit plumbing has been developed in response to installer feedback, and has a number of unique and innovative features and benefits including;

- In4Sure joint recognition – tells you when the pipe is in.
- Secure demounting with the new HepKey system.
- New, improved SmartSleeve stays captive in the pipe.
- 50 year industry leading Guarantee.
- Flexible pipe which comes off the coil straight.

Hep2O is Kitemarked to Class S of BS 7291, parts 1 and 2 and is manufactured within a Quality Management System which satisfies BS EN ISO 9002. Hep2O is also approved by WRAS – deemed safe for use in the supply of drinking water.

Hep2O Guarantee

As a result of its rigorous Quality Management programme, Hep2O carries a 50 year guarantee against defect in materials or manufacturing of all its pipe and fittings. Prices are for individual items within a pack unless otherwise stated.

PLASSON[®] FITTINGS FOR MDPE PIPE

Fitting for MDPE Pipe

Plasson mechanical fittings for Polyethylene pipe have been in continuous use for over 50 years providing safe and reliable connections for water mains throughout the world. The fittings have been tested and approved by WRAS to PN16. The captive 'O'ring seal provides lifetime protection against leakage and requires hand tightening only to achieve a seal for 20mm, 25mm and 32mm MDPE. The system is designed for connection to many pipe types and materials providing compatibility with existing systems. The fittings are made from virgin Polypropylene for immense impact strength and stress resistance.

Compression fittings for metric polyethylene pipes

PolyPlumb. It just works.

With exceptional joint integrity and a robust construction, PolyPlumb is our original tried and tested, grey plumbing fitting. From its high-performance stainless steel 'grab' ring to its recognisable colour, it's totally unchanged, unimproved. Perfect.

polypipe.com/polyplumb

INSTALL QUICKLY WITH NEW OVERLAY™ PLUS

Engineered for faster installation, our new Overlay™ Plus underfloor heating system features larger panels that weigh just 1.2kg and are only 18mm thick. Fewer, lighter panels. Quicker, simpler installation.

And whilst reducing downward heat loss, the system increases upward heat output. Winner!

polypipeufh.com/overlayplus

POLYPLUMB POLYBUTYLENE PLUMBING SYSTEM

PolyPlumb is our original, tried and tested, grey plumbing system. Robust and reliable, PolyPlumb has stood the test of time. PolyPlumb fittings feature a one step jointing process and a high performance stainless steel grab ring within the fitting, ensuring superb joint integrity. Use PolyPlumb with Polypipe grey polybutylene flexible pipe, or you can combine PolyPlumb fittings and copper pipe. We recommend the use of a Polypipe metal or plastic pipe stiffener when used with plastic pipe. PolyPlumb is suitable for use in most plumbing and heating installations including hot and cold water, central and underfloor heating applications. PolyPlumb polybutylene barrier pipe, fittings and accessories are covered by BBA Certificate No 00/36, approved by the Water Regulations Advisory Scheme for use with drinking water and are kitemarked to Class S of BS7291 Part 1 and Kitemark Licence Number 38148 to BS7291 Part 1 & 2.

Talbot *Pushfit* FITTINGS FOR MDPE PIPE

Certificate number 1705071

Fittings for MDPE Pipe

The Talbot Pushfit joint is a tried and tested method of joining low, medium and high density polyethylene water pipe from, 16mm to 180mm and their imperial equivalents.

The fitting is quick and easy to use with no nuts to leave undone - simply push the pipe into the joint. The joint's grip and seal on the pipe increases with water pressure and tensile load which means that the pipe will burst or neck before the joint fails.

Using a common body and only two sets of interchangeable components, Talbot Pushfit will connect to metric PE pipes and their imperial equivalents.

Flexible connectors – soil & waste

For the renovation of liquid waste drainage in private houses and blocks of flats. Resists pressure of 1 bar (equals 10m high column of water). 5 year guarantee.

CODE	SIZE
Magicflex® - Flexible Soil Pipe Connector	
<ul style="list-style-type: none"> • Solvent weld • Length: 484mm • 5 year guarantee 	
620 35 196	4"

The Jollyflex pan connector can adapt to almost all situations. Spigot can be solvent welded, pipe in pipe or pushed directly into a branch. Smooth inner wall for optimum flow.

CODE	SIZE
Jollyflex Flexible WC Connector	
<ul style="list-style-type: none"> • The Jollyflex flexible pan connector provides a compressible solution • Drain connector: solvent weld Ø103/Ø106/Ø110 • Smooth inner wall for optimum flow 	
620 35 164	280 - 420mm

Adapts to all types of toilet pans with outlet diameters of between 80mm & 105mm. Connecting diameter 104 to 110mm with fins & 93/100/110mm solvent weld. Perfect for tricky installations.

CODE	SIZE
Jollyflex Extendable WC Connector	
<ul style="list-style-type: none"> • A Flexible and extendable solution - perfect for tricky installations. • Universal drain connector: push fit Ø104/Ø110, solvent weld Ø93/Ø100/Ø110 • Smooth inner wall for optimum flow 	
620 35 156	260 - 650mm

Both sizes feature a female nut on each end (which would fit a waste) and can be formed into any shape or trap to overcome almost any problem. Due to the unique design and flexibility holds all shapes formed without the need for clips or brackets.

CODE	SIZE
Extendable Waste Connector	
Extendable waste connector which can be formed into any shape or trap to overcome almost any problem.

SEMI RIGID GAS PIPE

TracPipe
Flexible Gas Piping by OmegaFlex®

- New generation stainless steel semi rigid gas pipe
- Allow long “joint free” lengths from gas meter to appliance
- Upgrades supply line to DN22/28/32
- Suitable for installations up to 500 mbar
- Durable, lightweight & bendable by hand
- Easy to install with no threading or flames
- Patented Autoflare® fittings integrate to traditional materials

Replacing a gas boiler has never been easier!

CODE	DESCRIPTION	PACK QTY
705 Rapid Set Tile Mortar Grey		
500 40 378	20kg	

A ready mixed, ready to use, finely ground substance which dries rock hard when exposed to heat. Ideal for patching and repairs to firebricks, fireplaces, solid fuel ovens, ranges and boilers.

CODE	DESCRIPTION	PACK QTY
Purimachos Fire Cement		
500 40 103	1/2kg	18
500 40 106	1kg	12
500 40 109	2kg	6
500 40 112	5kg	

A high modulus silicone sealant that adheres to most smooth and non-porous materials. Contains an antifungal compound that forms a permanently flexible rubber seal.

CODE	DESCRIPTION	PACK QTY
Silicone Sealant		
500 40 355	White	12
500 40 352	Clear	12
500 40 371	Black	

CODE	DESCRIPTION	PACK QTY
703 Fix & Grout Tile Adhesive		
500 40 376	1.5kg	12

For permanent repairs to concrete, stone and brick. Sets hard in 30 minutes. A polymer reinforced durable finish.

CODE	DESCRIPTION	PACK QTY
Jetcem Quick Setting Cement		
500 40 200	3kg	4
500 40 207	6kg	2

A linseed oil putty for wood and metal frames. Easy to use formula.

500 40 444	One Hour caulking 400ml	12

CODE	DESCRIPTION	PACK QTY
KOS Black Fire Cement		
500 40 380	41kg	

A quick setting polyurethane based foam which expands up to 50 times original can contents. Can be cut, sawn and plastered over. Fits irregular gaps and fixes frameworks.

CODE	DESCRIPTION	PACK QTY
Fix & Fill Expanding Foam		
500 40 401	500ml	12
500 40 404	750ml	12

Asbestos free. Never sets completely hard. Non flammable. Weather resistant. Maximum temperature 250°C (482°F).

CODE	DESCRIPTION	PACK QTY
Flue Jointing Compound		
500 55 111	1/2kg	12
500 55 117	1kg	12

CODE	DESCRIPTION	PACK QTY
Sealants & Adhesives		
500 35 501	Applicator gun - standard	12
500 35 540	Applicator gun - long	12

ADDITIVES, FLUXES, SEALANTS & WIPES

Actively prevents the growth of bacteria, mildew and black mould that are commonly found in areas of high humidity. Permanently waterproof and flexible.

CODE	DESCRIPTION	PACK QTY
Forever White Sealant		
500 40 360	Forever White sealant 300ml	12
Forever Clear Silicone		
500 40 367	Forever Clear Silicone 295ml	

A direct bond adhesive that grabs quicker, fills deeper and bonds stronger. Can be used inside or outside.

CODE	DESCRIPTION	PACK QTY
Pink Grip Adhesive		
500 40 300	Pink Grip adhesive 350ml	12
500 40 373	Pink Grip SF But It's White 380ml	

Powerful waterproof adhesive and sealant that can be applied to wet and dry surfaces.

CODE	DESCRIPTION	PACK QTY
Stixall Adhesive		
500 40 311	Stixall adhesive - black 290ml	12
500 40 314	Stixall adhesive - white 290ml	12

CODE	DESCRIPTION	PACK QTY
Wonder Wipes		
500 30 401	Wonder wipes - tub of 100	6

A waterproof non-setting putty, ideal for sealing spigot and socket joints in sanitary fittings, (i.e. W.C's, bidets and rainwater fittings) and for bedding in sinks. Plumbers Mait will adhere to metal, PVC, vitreous enamels and ceramics. Its permanent flexibility allows for joint movement.

CODE	DESCRIPTION	PACK QTY
Plumbers Mait		
500 35 621	750gm	12
500 35 622	1.5kg	12
500 35 624	3kg	

Multi-purpose gap filling adhesive. High performance synthetic rubber/resin adhesive.

CODE	DESCRIPTION	PACK QTY
Sealants & Adhesives		
500 35 321	EvoGrip 310ml	12

A high performance multi purpose gap filling adhesive bonds most building materials and is suitable for almost any application. For interior and exterior use.

CODE	DESCRIPTION	PACK QTY
Sealants & Adhesives		
500 35 402	Gripfill 350ml	12
500 35 409	Gripfill (solvent free) 350ml	12

All purpose flexible silicone rubber sealant. Contains fungicide.

CODE	DESCRIPTION	PACK QTY
Sealants & Adhesives		
500 35 525	Silicone sealant 310ml - white	12
500 35 526	Silicone sealant 310ml - clear	12

FERNOX PRODUCTS

FERNOX

MAKES WATER WORK

Fernox is Europe's leading brand of domestic and commercial water treatment products. With over 40 years experience and continual investment in research and development, Fernox maintains a market leading position, offering products of the highest quality, reliability and performance backed by technical leadership.

CODE	DESCRIPTION	PACK QTY
Central Heating Protectors		
Protects against corrosion and limescale		
500 10 234	F1 protector 500ml	10
500 10 112	Alphi-11 antifreeze & protector 5 litre	2

CODE	DESCRIPTION	PACK QTY
Central Heating Boiler Noise Silencers		
Reduce boiler noise and improve heat transfer efficiency		
500 10 237	F2 boiler noise silencer 500ml	10
500 10 335	F2 boiler noise silencer express 324 aerosol 400ml	10

CODE	DESCRIPTION	PACK QTY
Central Heating Cleaners		
Removes sludge, flux and debris from new and existing systems		
500 10 240	F3 cleaner 500ml	10
500 10 336	F3 cleaner express 400ml	10

CODE	DESCRIPTION	PACK QTY
Central Heating Leak Sealers		
Reduce pressure loss from sealed systems by sealing small leaks		
500 10 254	F4 leak sealer 500ml	10

FERNOX PRODUCTS

CODE	DESCRIPTION	PACK QTY
DS3 Descaler		
Scale remover for domestic appliances to restore efficiency		
500 10 276	DS3 descaler 2kg	4
500 10 278	Limescale preventer 450g	10

CODE	DESCRIPTION	PACK QTY
LP Sterox		
Total disinfection to combat micro-biological contaminants including legionella, pseudomonas, bacteria and algae		
500 10 302	LP Sterox 1 litre	10

CODE	DESCRIPTION	PACK QTY
LP Sterox Test Strips		
Test strips for use with LP Sterox (tub of 50)		
500 10 303	LP Sterox test strips - tub of 50	10
500 10 305	Protector test kit	1
500 10 306	System health check kit - postal sampling	20

CODE	DESCRIPTION	PACK QTY
LS-X External Leak Sealer		
External leak sealer and jointing compound combined (WRAS approved)		
500 10 255	LS-X external leak sealer 50g	12

CODE	DESCRIPTION	PACK QTY
TF1 Total Filter		
Easy connection of a powerflushing machine to a heating system		
500 10 424	TF1 Total Filter 22mm	4
500 10 435	TF1 Total Filter 28mm	4
500 10 422	TF1 Compact filter 22mm

WIDEST RANGE OF PRODUCTS AT COMPETITIVE PRICING

OVER 250,000 SUCCESSFUL DELIVERIES PER YEAR

12,500+ PRODUCTS FROM THE LEADING BRANDS.

ADDITIVES, FLUXES & SEALANTS

Suitable for the soft soldering of copper, galvanised iron, steel, tin, mild steel, terne plate, zinc, nickel, silver and sheet lead. Non-acid and non-toxic. British Gas Board approved. WRC listed.

CODE	DESCRIPTION	PACK QTY
La-Co Flux		
500 20 219	60g	48
500 20 210	125g	24
500 20 213	125g with brush	24
500 20 216	475g	24

Contains graded Teflon and other PTFE particles, will not dry or harden, enables easy disassembly. Contains no solvents or water, brushes easily on oily, wet or cold threads, easy clean-up and will not stain. WRC listed.

CODE	DESCRIPTION	PACK QTY
La-Co Slicite Threading Compound		
500 20 355	120ml	24
500 20 361	240ml	24
500 20 367	475ml	24

La-Co Cool Gel
Helps prevent heat damage to components and surrounding materials during soldering, brazing and welding. Unique gelled formula sticks to surfaces without dripping or running off. Harmless to skin and is odourless and non-toxic.

Alert gas leak detector
A non-toxic, non-corrosive gas leak detector, that is safe for oxygen service. Temperature range: 0°C to 93°C.

CODE	DESCRIPTION	PACK QTY
La-Co Miscellaneous		
500 20 300	La-Co Cool Gel 947ml	12

Everad inhibitor
Prevents rust, scale, electrolytic corrosion and bacteria in central heating installations. Long life protection. Non-acidic.

Everad descaler
Modern, safe, organic formulation provides a combined gentle descaler with active sludge removing properties.

CODE	DESCRIPTION	PACK QTY
Everad Central Heating Additives		
500 30 200	Inhibitor 500ml	12
500 30 203	Descaler 1 litre	12

Soluble in hot and cold water. A non-stick formula allows total joint slip. Ideal for use with leaded and unleaded solder. UK WFBS listed.

CODE	DESCRIPTION	PACK QTY
Everflux		
500 30 101	80ml	100
500 30 100	250ml	36

A jointing compound that is an easy to apply lubricant for threads and pipes. Produces water, gas and oil tight seals in pipe joints.

CODE	DESCRIPTION	PACK QTY
Everwhite Jointing Compound		
500 30 150	400g	27

Will quickly dissolve all organic obstructions. Environmentally friendly. 100% bio-degradable. Septic tank friendly. Corrosive.

CODE	DESCRIPTION	PACK QTY
Dambuster Drain Cleaner		
500 30 350	1 litre	9

A general purpose treatment for total protection against scale, corrosion and bacteria growth in all types of central heating systems including those containing aluminium. Non acidic and non caustic prevents boiler noise, pinholing and microbiological growth. No need to replace unless system drained down.

CODE	DESCRIPTION	PACK QTY
Inhibitor X100		
500 15 101	1 litre	12
500 15 111	Concentrate 280ml	12
500 15 203	Rapid dose 400ml	12

A unique long life system treatment for elimination of limescale and boiler noise. Safe to use in all types of indirect heating systems. Safe and non corrosive restores boiler efficiency, eliminates 'kettling'. A much faster, simpler method of de-scaling, no need to flush stays in the system.

CODE	DESCRIPTION	PACK QTY
Noise Reducer X200		
500 15 110	1 litre	12

Efficient way to eliminate build up of magnetic sludge, X400 is the quick and easy way to eliminate cold spots and restore full heat emission. Restores circulation to part blocked radiators and can be used in all systems. Does not cause pin-holing or leaks.

CODE	DESCRIPTION	PACK QTY
Sludge Remover X400		
500 15 125	1 litre	12

Flushes out flux and installation debris from new central heating systems. An essential vaccination against scale, sludge and bacteria. A powerful, heavy duty cleaning action, eliminates flux residue. Prevents copper deposits being left in system and is ideal preparation for X100.

CODE	DESCRIPTION	PACK QTY
Universal Cleanser X300		
500 15 119	1 litre	12

Added into the system, is ideal when weeping joints and small leaks don't warrant immediate repair.

CODE	DESCRIPTION	PACK QTY
Leak Sealer		
500 15 230	Rapid dose 400ml	12

Added into the system, is ideal when weeping joints and small leaks don't warrant immediate repair.

CODE	DESCRIPTION	PACK QTY
Inhibited Antifreeze X500		
500 15 107	5 litre	4

WIDESTRANGE OF PRODUCTS AT COMPETITIVE PRICING

NATIONWIDE COVERAGE WITH OUR OWN DELIVERY FLEET NETWORK

ADDITIVES, FLUXES & SEALANTS

CODE	DESCRIPTION	PACK QTY
Scalemaster Heating Additives		
500 90 102	SM-1 inhibitor - 500ml	10
500 90 109	SM-2 descaler - 500ml	10
500 90 116	SM-3 cleanser - 500ml	10
500 90 123	SM-4 sludge remover - 500ml	10

A general purpose soldering flux for copper pipe work, brass, mild steel and other metals. Telux is soft and easy to apply in a thin film (capillary joints on pipework). Not for use on aluminium or stainless steel.

CODE	DESCRIPTION	PACK QTY
Telux Flux		
500 45 150	50g	50
500 45 157	250g	20
500 45 162	450g	10

Specially formulated for use on a variety of metals. Can be used when turning, milling, drilling, thread cutting and hacksawing with either hand or power tools.

CODE	DESCRIPTION	PACK QTY
Temaxol		
500 45 125	Cutting compound 450g	24

CODE	DESCRIPTION	PACK QTY
Carpet Protector		
500 40 361	Roll & Stroll Premium Carpet Protector	

For sealing around sanitary fittings including baths, sinks, urinals and ceramic tile joints. Conforms to ISO11600 F-20HM.

CODE	DESCRIPTION	PACK QTY
Sanitaryware Sealant 310ml		
500 70 009	Black - 781	12
500 70 002	White - 785	12
500 70 007	Clear - 786	12

Boss White For use with hot and cold water (non-potable duties), natural gas and low pressure steam and conforms to BUS6952: Part 5:1992. Up to 7 bar pressure and temperature up to 200°C.

Boss Green For use with hot and cold water including potable duties, natural gas and low pressure steam and conforms to BUS6958:Part 5:1992. Up to 7 bar pressure and temperature up to 200°C. **Gastite** Asbestos free castor oil based sealant.

CODE	DESCRIPTION	PACK QTY
BOSS Jointing Compounds		
500 60 113	Boss white 400g	20
500 60 202	Gastite 400g	24

High temperature acetoxly silicone sealant for sealing gas flues and chimneys up to 300°C. Can be used in areas where food contact is likely.

CODE	DESCRIPTION	PACK QTY
PlumbaFlue 310ml		
500 70 012		12

Ready mixed clear neutral silicone sealant for jointing threaded fittings and sealing leaks.

CODE	DESCRIPTION	PACK QTY
Plumbajoint 50ml		
500 70 017	Clear	12

CODE	DESCRIPTION	PACK QTY
Primaflow Heating Additives		
500 99 243	PrimaTEC PLUS concentrate inhibitor - 500 ml	12

Inhibitor Checks corrosion, disintegrates scale and disperses sludge from central heating systems. **Silencer** Cures noisy central heating systems and restores heating efficiency. **System cleaner** Removes commissioning residue, corrosion, sludge and scale from new and old systems. **Leak sealer** Seals inaccessible leaks and weeping joints in central heating system. **Inhibited antifreeze** Protects against burst pipes, corrosion and limescale. Approved to Build Cert performance standard. Use in accordance with BS7593:2006

CODE	DESCRIPTION	PACK QTY
Primaflow Heating Additives		
500 99 236	Inhibitor 1 litre	12
500 99 253	Silencer - 1 litre	12
500 99 270	System cleanser - 1 litre	12
500 99 287	Leak sealer - 1 litre	12
500 99 308	Inhibited anti-freeze - 5 litre	3

ADDITIVES, FLUXES & SEALANTS

Inhibitor

- Prevents corrosion and limescale
- For use in accordance with BS7593:2006

Leak Sealer

- Seals small and inaccessible leaks
- Reduces pressure losses
- Does not block pumps, valves and vents

Noise Reducer

- Reduces boiler noise
- Improves heating efficiency

Cleaner

- Removes sludge and debris
- For use in accordance with BS7593:2006

CODE	DESCRIPTION	PACK QTY
PrimaTEC Heating System Additives		
500 80 010	Inhibitor 500ml	12
500 80 040	Leak sealer 500ml	12
500 80 020	Noise reducer 500ml	12
500 80 030	Cleaner 500ml	12

PTFE tape: 12m x 12mm x 0.075mm thick.
Hemp: Used for sealing pipe joints on steam systems.

CODE	DESCRIPTION	PACK QTY
Tapes & Sealing Compounds		
500 99 185	PTFE tape - WRAS approved	200

CODE	DESCRIPTION	PACK QTY
Prem Protective Tape		
400 70 659	50mm	36
400 70 666	75mm	24
400 70 673	100mm	18

CODE	DESCRIPTION	PACK QTY
Denso Protective Tape		
400 70 638	50mm	36
400 70 645	75mm	24
400 70 652	100mm	18

Metallic tape enabling plastic pipe to be detected inside walls Class 0 fire retardant.

CODE	DESCRIPTION	PACK QTY
Metallic Tape		
500 90 428	48mm x 45m	

No need to drain down and will set under water.

CODE	DESCRIPTION	PACK QTY
Sylglas		
500 90 320	Plumbfix putty 64g	10

CODE	DESCRIPTION	PACK QTY
Rubawrap Tape		
500 90 295	25mm x 5m (Black)	
500 90 296	25mm x 5m (White)	

Soft setting thread sealant.

CODE	DESCRIPTION	PACK QTY
Jetlube V2+		
500 90 450	300g	12

Repairs bursts in lead, copper and mild steel pipe, in both hot and cold systems. It will seal leaking W.C. joints, pipe joints, leaks in radiators etc.

CODE	DESCRIPTION	PACK QTY
Milliput Epoxy Putty		
500 90 250	Standard 4oz	10
500 90 251	White superfine 4oz	10

CODE	DESCRIPTION	PACK QTY
American Duct Tape		
400 70 696	American duct tape 50mm x 25m	12

CODE	DESCRIPTION	PACK QTY
Sealrite Masking Tape Dispenser		
500 40 357	Sealrite masking tape dispenser inc 20m	6

ADDITIVES, FLUXES & SEALANTS

- High performance sealant for preventing leakage of oils, hydraulic fluids, water (exc potable), steam, gases, coolants and fuels (exc ethanol).
- Supplied with brush applicator
- Waterproof
- Anti-corrosive and inert
- Non-abrasive

CODE	DESCRIPTION	PACK QTY
Heldite Jointing Compound		
500 99 300	125ml	60
500 99 303	250ml	60

- Drives out moisture
- Cleans and protects
- Free sticky mechanisms
- Loosens rusted parts
- Lubricates
- Silicone free

CODE	DESCRIPTION	PACK QTY
WD-40		
500 99 004	100ml	24
500 99 009	300ml smart straw	24
500 99 012	450ml Smart Straw	24

CODE	DESCRIPTION	PACK QTY
FloPlast Plumbing Sundries		
Solvent cement

CODE	DESCRIPTION	PACK QTY
Knock Out Drain Cleaners		
Toilet & drain		
500 90 275	0.5 litre	6
500 90 276	1 litre	4

CODE	DESCRIPTION	PACK QTY
Knock Out Drain Cleaners		
Toilets, Drains and Urinals		
500 90 290	0.5 litre	6
500 90 291	1 litre	4

CODE	DESCRIPTION	PACK QTY
Knock Out Drain Cleaners		
Kitchen & bathroom		
500 90 277	0.5 litre	6

An eco-friendly enzyme based biological formulation to clear slow moving waste pipes in the bathroom and kitchen. Billions of specially selected bacteria digest specific elements of waste such as fats, protein & cellulose. Use regularly as a maintenance product. Safe to use on septic tanks and actually enhances performance.

CODE	DESCRIPTION	PACK QTY
Knock Out Drain Cleaners		
Biological		
500 90 278	1 litre	6

CODE	DESCRIPTION	PACK QTY
Knock Out Drain Cleaners		
Spirits of Salt		
500 90 292	0.5 litre	
500 90 293	1 litre	

- Restoration: removes sludge, scale, flux and other debris
- Noise reduction: prevents boiler noise, venting of radiators and pump seizure
- Protection: against corrosion damage and limescale formation

CODE	DESCRIPTION	PACK QTY
Calmag CALCHEM 3-in-1 Inhibitor		
500 95 003	3-in-1 inhibitor 1 litre	8

CODE	DESCRIPTION	PACK QTY
Kilrock Descaling & Cleansing Chemicals		
500 90 002	Kilrock-K descaler 250ml	20
500 90 009	Big W dishwasher descaler 400ml	12

HEATING PUMPS

Primaflow™

- Variable and constant flow options
- Easy installation & start up
- Low power, low noise permanent magnet motor
- Manual or auto settings
- Display shows power consumption
- Flange face to face 130mm

CODE	SIZE
ErP 2015 Compliant Variable Speed Pumps	
710 02 125	HE-5 rated 5m
710 02 126	HE-6 rated 6m
710 02 123	HE-V multi head

Primaflow HE pump warranty

Primaflow pumps are guaranteed for a period of 2 years from the date of installation subject to the return of a fully completed warranty card within 15 days of installation date. If the warranty card is not returned promptly the warranty will expire 2 years from the date of manufacture. The warranty is void in cases of incorrect installation, physical damage or other abuse. Full warranty details available on request.

Technical specifications

Voltage	230V +6% / -10%, 50Hz, PE	
Protection	No external protection	
Protection grade	IP42	
Insulation class	H	
Air humidity	Max 95%	
System pressure	1.0 Mpa	
Inlet pressure	Liquid temp	Min pressure at Inlet
	<75°C	0.05 MPa
	<90°C	0.025 MPa
	<110°C	0.108 MPa
EMC standard	EN61000-6-1 and EN61000-6-3	
Acoustic level	<42dB (A)	
Ambient temperature	0°C to 40°C	
Temperature grade	TF110	
Surface temperature	<125°C	
Liquid temperature	2°C to 110°C	

In order to prevent condensation inside the control box and stator it is recommended the water being pumped is always at higher temperature than the ambient temperature.

Ambient temperature (°C)	Minimum pumped temp (°C)	Maximum pumped temp (°C)
0	2	110
10	10	110
20	20	110
30	30	110
35	35	90
40	40	70

It is recommended that the water in domestic hot water systems is kept below 65°C to reduce the risk of scalding.

Dimensions (in millimetres)

Model	L1	L2	B1	B2	H1	H2	G
HE-5	65	130	82	130	103	130	1.1/2"
HE-6	65	130	82	130	103	130	1.1/2"
HE-V	65	130	82	130	103	130	1.1/2"

- For domestic and semi commercial applications
- Maximum inlet pressure 16 bar
- Maximum working temperature 65°C
- Outlet adjustment range 1 – 6 bar
- WRAS approved
- Reduces system noise by regulating pressure between flow and return pipes

Fluidmaster.

Emergency Plumbing Repairs!
Fluidmaster products guaranteed to achieve 90% first time WC fix.

With over 80 different types of fill and flush valves out there to choose from, it is often hard to know what to keep as van stock.

It is very easy to fall in to the habit of thinking you must replace fill and flush with the exact same products that need replacing.

This could not be further from the truth, in fact you only need to consider a few things:

- Do you need a side entry or bottom entry fill valve?
- What size thread do you require? (Essentially most of the fill valves out there are 1/2inch)
- What space do you have in the cistern?
- Does your customer want to save water & money?

With our 'Essential Van Stock Range' you can be covered by most eventualities relating to fill and flush replacement

Air Gap compliant Water Saving Technology

WHY PRIMAFLW F&P?

OUR SERVICE PROPOSITION

We guarantee the widest range of products, the best delivery service and highly competitive pricing because **we simply deliver more to our customers.**

MANROSE® FAN EQUIPMENT

Manrose are a well established UK manufacturer of ventilation and fan equipment with products to offer a solution to all of your requirements.

- Axial fans are designed to move air over short distances i.e. window fixing or through mounting and are not suitable for ducting over 2m in length.
- Centrifugal fans are designed to move air over longer distances and will perform against pressure caused by long lengths of ducting and resistance by grilles.
- A range of humidistat controlled fans are available and these are designed to monitor humidity and switch on as appropriate.
- All Manrose fans come with a 2 year no quibble guarantee (for advice and suitability for installation please call their technical helpdesk on 01753 691 399).
- Designed to comply with the Building Regulations on Ventilation (F1)
- All fans are manufactured using high ABS thermoplastics for strength, durability and easy cleaning.
- Quiet and efficient.

All Manrose fans come packaged for easy hanging and display (unless stated otherwise).

Extraction rate 230 cu metres per hour (assumes Fan installed with Wall Fixing Kit)

Features of Domus duct systems.

- Flat channels are manufactured with high quality tooling to exacting tolerances ensuring uniform shape and an engineered fit enhancing system performance.
- Lightweight with simple push fit connections for ease of installation.
- Wide range and unique products ensure that the quickest, most efficient and cost effective solution can be achieved.
- Products are independently tested by BSRIA for air flow performance.
- Wall outlets made with UV-stabilised materials which reduce colour fade.

Stadium Ventilation is the UK market leader for ventilation products used with heating appliances. Stadium pioneered the design of ventilators which can be installed using core drills, saving time and money. The Black Hole design is the most popular within an extensive range. Stadium Ventilation is a trusted name and its products are widely specified by local authorities, housing associations and gas appliance installers.

Rated 71,500 Btu/hr (21kw) with baffle / 92,000 Btu/hr (27kw) without baffle. Core 127mm (5") with 350mm tube length

Incredibly strong reinforced acrylic baths

- Insulating Properties**
‘Flow coat’ jacket covers the entire underside of the bath adding real strength and insulating properties. This keeps your bath water hotter for longer.
- Intensive Reinforcement**
Trojancast is an intensive reinforcement process resulting in each bath being incredibly strong and hard-wearing.
- Reminiscent Assurance**
Trojancast gives you the reminiscent assurance of an old cast iron bath but with the natural warmth and quality our acrylic baths have.

100% Cast Acrylic
Warm to touch, easy to clean high gloss finish

Intensive glass fibrepolyester resin reinforcement

Trojancast
Distinctive flow coat jacket adding superior strength and insulation

Fully encapsulated baseboard

30 YEAR GUARANTEE TROJAN BATHS

See page 286 for our range of bath screens

SECURESEAL • BATHSCREENS

SecureSeal.

by MERLYN

The SecureSeal by Merlyn has been designed with a leak free sealing arm which extends from the profile to create a complete seal between the bath and screen. When not in use, the arm simply folds away back into the profile.

How it works

CODE	SIZE	ADJUSTMENT
Single Panel Bathscreen		
329567	800 x 1500	780-800
4 Fold Bathscreen		
329568	800 x 1500	780-800

329569	800 x 1500	980-1000
Optional Fixed Panel		
329570	300 x 1500	300-320

VIVID • BLACK SHOWER ENCLOSURES

Vivid Black by Merlyn

Vivid Black is a premium range of enclosures with 8mm glass thickness and wetroom compatible. The anodised aluminium matte black finish is more durable than standard powder coating.

MX ANTI SLIP SHOWER TRAYS

The Anti Slip Elements tray lends itself to the latest bathroom trends and achieves all the benefits of a solid cast stone tray. The new Anti-Slip surface is easy to maintain and provides a safer, stable showering experience. Ease of installation is achieved with a contoured underside for leg location.

MAKE YOUR JOB EASIER WITH

WHY ORDER ONLINE?

See the prices you pay at a glance

View your buying price, manufacturer list price and discount in one.

Check up-to-date stock levels

See live stock levels from your local branch.

Place an order after 5pm

Using the website to place orders allows you to do so at a time that suits you.

Invoice to Inbox

Review your order instantly with order confirmation emails sent as soon as you place the order online. This allows you to easily keep track of not just what you have ordered, but how many and the value of your order.

Enhanced product details

From manufacturer guarantees, features and benefits. The website holds a wealth of product information and technical detail, so you can answer customer questions easier and find the right product for their project.

www.primaflowfandp.co.uk

It's **quick, easy & convenient**

2

REGISTER

Complete the registration form! You will need your account number to hand

3

ORDER

Start browsing! Your account will be approved within 24 hours of registering

Everything you need all in one place:

**SEE YOUR PRICE
CHECK OUR STOCK
ORDER ONLINE**

SIGN UP TODAY!

Really all you need is your **Primaflow F&P account code**, the rest is an **email address and your personal information**. If you've never used the site before, registering is easy, and you could be up and running the next day.

SMART • CONNECTED • SIMPLE

Offering full connectivity to the smart home, our Smart Showers combine the precise electronic control of a digital shower with the modern convenience of voice and app activation.

Delivering an enhanced and sensational showering experience, Aqualisa Smart Digital Showers are the perfect accompaniment to the family home thanks to additional features including water saving and temperature safety. Create a truly personalised shower which you can repeat at the touch of button.

- Start your shower with your voice
- SmartValve™ technology for precise control
- Set profiles and track usage with ShowerMe™ App

AQUALISA

QUARTZ™ COLLECTION

NEW

Also available as a retrofit solution.

Our new Quartz™ Smart Retrofit Shower allows you to easily upgrade your current mixer shower to a Quartz™ Collection

AMAZON

Whether the requirement is for a new shower pump or to replace an existing one the Grundfos on-line pump selector tool will guide you through the selection process. The first thing that needs to be established is, what is the demand. This is done by working out the number of people who will be using the shower, as well as the frequency of use.

The easy upgrade for your new kitchen project

“Loving our InSinkErator food waste disposer! It’s very quiet to run and no more food waste bins to deal with. Great addition to our kitchen.”

Sufiah Wallace
5 star Trustpilot rating

★ Trustpilot

As the world leader in food waste disposer technology our award winning products are convenient, hygienic, safe and easy to install. Plus they come with warranties for peace of mind. Installing one means no more mess, smells, insects or bacteria from rotting food waste in kitchen bins. They also divert food waste from landfill, helping to ensure a better future for all of us.

Our compact Model 46, Model 56 and Model 66 food waste disposers are especially made for smaller cupboards and are suitable for all budgets.

Perfect alternative to the food waste caddy

In an attempt to boost recycling and protect the environment, the Government has announced separate food waste collections for every UK household by 2023. Separate food waste collection does mean smelly food waste collection in your food waste caddy.

Installing an InSinkErator® food waste disposer allows food waste to be disposed of instantly, eliminating the need to use an unhygienic food waste caddy.

WHY PRIMALOW F&P ?

OUR SERVICE PROPOSITION

We guarantee the widest range of products, the best delivery service and highly competitive pricing because **we simply deliver more to our customers.**

THE COMPLETE LINE-UP.

Baxi presents to you the complete line up. A product solution for every customer.

BAXI 200 COMBI

- Outputs 24 & 28kW
- Compact cupboard fit
- 26kg lift weight
- Simple hanging bracket
- Optional stand-off frame
- Centre flue
- Baxi uSense compatible
- Compatible with Multifit IFOS

BAXI 400 COMBI

- Outputs 24 & 28kW
- 28kW LPG option
- Compact cupboard fit
- 26kg lift weight
- Simple hanging bracket
- Optional stand-off frame
- Centre flue
- Baxi uSense compatible
- Compatible with Multifit IFOS
- Heat Only boilers also available

BAXI 600 COMBI

- Outputs 24, 30 & 36kW
- 24, 30 & 36kW LPG options
- Compact cupboard fit
- 29.5kg lift weight
- Simple hanging bracket
- Built in stand-off frame
- Brass hydraulics block
- Centre flue
- Easy-Fill permanent filling link
- Baxi uSense compatible
- Compatible with Multifit IFOS
- System and Heat Only boilers also available

BAXI 800 COMBI

- Output 25, 30 & 36kW
- Compact cupboard fit
- 29.5kg lift weight
- Compact Adey Micro2 filter included
- Simple hanging bracket
- Built in stand-off frame
- Brass hydraulics block
- Centre flue
- Easy-Fill permanent filling link
- Baxi uSense compatible
- Compatible with Multifit IFOS
- System and Heat Only boilers also available

---	---	---	--	---

Note: If additional elbows to those supplied in the High Level Flue Outlet kit are used, deduct the following resistances (metres) from the maximum boiler flue length.

Logic Combi, Logic+ Combi, Vogue Combi, Logic System, Logic+ System, Vogue System, Logic Heat, Logic+ Heat, Logic Code Combi, Independent Combi, Independent+ & Independent System
90° elbow -1.4 45° elbow -1.25

These easy to install kits allow the boiler flue outlet to be extended, external to the building, upwards to provide a flue exit at high level, overcoming problems associated with plume emission.

An external 60mm diameter flue leads from the boiler terminal (simply replacing the standard flue terminal 'nose') to terminate with a 90° elbow complete with grille. Push fit one metre extension pipes are used as required, and the fixing clips supplied support the system from the wall. Both 90° and 45° elbows are available to provide routing options.

Maximum flue lengths*	ecoFIT pure combi	ecoFIT pure system	ecoFIT pure open vent
Boiler model	825/830/835	612/615/618/625/630	412/415/418/425/430/435
Standard horizontal 100mm diameter	10m		
Standard vertical 100mm diameter	25m		
Optional horizontal 125mm diameter	10m		
Optional vertical 125mm diameter	25m		

*Measured to the end of the horizontal/vertical air terminal
 1 Maximum length of flue is reduced by 1.0m for each additional 87° elbow and by 0.5m for each additional 45° elbow
 2 Optional boiler flue outlet adaptor (accessory 303926) will be required for ecoTEC plus 412, 415, 418, 428 and 438. However for all new ecoTEC 612, 615, 618, 624, 630, 637 and ecoTEC plus 825, 832, 838, 938, ecoTEC pro 25, 28 and 30, you will need the new 80/125mm plug in adaptor to increase the boilers' flue connection size. Maximum length of flue is reduced by 2.5m for each additional 87/90° elbow and by 1.0m for each additional 45° elbow

Optional Variable Termination Kit (VTK)

(For use with 100mm diameter high efficiency condensing flue system only). Allows plume vapour to be re-directed away from neighbouring properties. Kit fitted in place of removable flue terminal.

7 Fixing clamp	112581	7176762
8 Balanced flue inspection tee 87° or Balanced flue inspection bend 87°		7373229
9 Balanced flue sliding coupling (optional)		7373236
10 Wall bezel		7176760
11 Balanced flue inspection piece straight (optional)		7373228
External wall pack with Balanced flue bend 87° (7373226)		
12 Balanced flue air intake		7373234
13 Balanced flue outlet (with a high roof overhang above the roof)		
Black	112580	7373230
Terracotta		7373231
14 Universal roof tile		
Lead free flashing black	112646	7452499
Lead free flashing terracotta	112491	7452500
15 External wall terminal (for a short roof overhang)		7167753

Routing over an external wall

- (A) Flue gas
- (B) Combustion air
- (C) Step in the external wall routing for a short roof overhang

Vertical terminal for sloping or flat roofs

- (A) Ventilation air
- (B) Flue gas
- (C) (min.) 400 mm

Horizontal wall terminal

- (A) Combustion air
- (B) Flue gas

Vitodens 050-W: the easy and smart choice.

- + Particularly attractive price/performance ratio
- + Durable and efficient due to Inox-Radial stainless steel heat exchanger
- + Easy operation via control unit with LED display and touch buttons
- + Internet capability with WiFi inside
- + Ideal for installation in the living area due to low operating noise & compact measurements
- + Low installation height simplifies replacement of old devices
- + Attractively priced 25/35 kW outputs gas condensing combi boiler

The Vitodens 050-W comes with a 7 year comprehensive warranty as standard for Viessmann Trained Installers when they register the boiler using the Viessmann Installer portal.

	7 716 191 179	Support bracket kit
	7 716 191 090	Flashing – flat roof
	7 716 191 091	Flashing – pitched roof
	7 716 191 159	80mm flexible flue system (12m) – suitable for Greenstar FS CDi Regular range only

Plume management

Condensfit II™ plume management system

Part numbers

60mm dia. plume management kit

Comprises:

- 1 x terminal bend
- 1 x extension 500mm
- 1 x outlet assembly
- 1 x clamp pack

7 716 191 086

Accessories

COMPONENTS	PART NO.	DESCRIPTION
60MM DIAMETER		
	7 716 191 086	Plume management kit (60mm dia.)
	7 716 191 087	Extension (1,000mm) kit
	7 716 191 088	90° Bend
	7 716 191 089	45° Bend (pair)
	7 716 191 176	Plume management terminal guard round
	8 716 111 2750	Plume management clamp

For every 90° plume management kit bend deduct 1,500mm and 750mm for every 45° plume management kit bend.

UK's Top-Rated Boiler Brand

Greenstar 8000 Style

Greenstar 4000

With your feedback at the forefront of our minds, we're constantly innovating our product offering, making them simple to fit and easier to promote.

Hydrogen Blend Ready

Our entire gas boiler range is able to run on a 20% hydrogen blend.

Which? Best Buy

Proud to be the top-rated boiler brand in the latest Which? Best Buy survey.

Join the Quiet Revolution

Our Greenstar 4000 is Quiet Mark certified.

MAKE YOUR JOB EASIER WITH

WHY ORDER ONLINE?

See the prices you pay at a glance

View your buying price, manufacturer list price and discount in one.

Check up-to-date stock levels

See live stock levels from your local branch.

Place an order after 5pm

Using the website to place orders allows you to do so at a time that suits you.

Invoice to Inbox

Review your order instantly with order confirmation emails sent as soon as you place the order online! This allows you to easily keep track of not just what you have ordered, but how many and the value of your order.

Enhanced product details

From manufacturer guarantees, features and benefits. The website holds a wealth of product information and technical detail, so you can answer customer questions easier and find the right product for their project.

OUR SERVICE PROPOSITION

We guarantee the widest range of products, the best delivery service and highly competitive pricing because **we simply deliver more to our customers.**

ADEY
ProCheck™

Revolutionising water **testing.**

The first universal water test that gives you
instant lab-style results on your phone

ADEY® has launched a next-generation water testing kit which provides lab-style results instantly to a smartphone, enabling installers to visualise the need for water treatment to the homeowner and treat water quality issues in one site visit.

ADEY ProCheck® test kit and app uses advanced technology to carry out a lab-style test for three main areas of concern:

- Protective inhibitor levels
- Corrosion levels
- pH levels

HOW DOES IT WORK?

Whilst on site, a water sample is taken from the system and a dip test is carried out using the dedicated *ProCheck* strips supplied with the kit. This strip is placed on a test card before being scanned to the app using the phone camera, to be analysed and verified. A report with recommendations is immediately created and saved to the ADEY ProCheck report management system where users can generate and email test reports directly from the app and view all their historic reports over time.

ADEY ProCheck® kit includes:

- 25 x Test Strips • 10 x Test Cards • System water sampler
- Waterproof protective case • 12 month free subscription to report management system

ALL IN ONE VISIT

No need to wait for a lab test and return to a property for remedial work.

INDEPENDENTLY
VERIFIED RESULTS

Sentinel Solutions

Sentinel have been providing water treatment solutions in the UK since 1988, consistently delivering quality and reliability to customers.

We offer all that you and your customers need to keep heating systems running smoothly and at maximum efficiency.

Our range of additives, system filters, scale protection and more give the best possible protection for heating, hot water and renewable energy systems.

Why is water treatment important?

Approximately 87% of boiler call outs are to systems without correct water treatment!

87% 

Did you know?

A central heating system that is correctly treated using Sentinel products can be typically 15% more effective than a dirty system!

+15% 

The Sentinel System

Clean, Protect and **Maintain** is a simple way to remember what Sentinel products offer as well as a **best practice process** reminder.

Help your customers to comply with guidelines by offering Sentinel solutions.

Clean

to prepare for greater performance

Protect

to prolong system life and efficiency

Maintain

to ensure durable protection

COMPACT RADIATORS

Prorad

Compact Radiators

High efficiency and high output

Outputs

BTU / Watts calculated at Delta T 50 based on mean temperature of 70° Celsius (75-65-20)

Manufactured to BS EN 442

Licence No KM 266 98

TEN YEAR WARRANTY

Heavy duty packaging

Corner and edge cartons plus generous bubble wrap designed to protect from damage during transportation and installation.

Slim Design

For ease of siting.

Factory fitted grills and end panels

For solid construction and improved appearance.

All accessories included

Air vent, blanking plug, 4 wall plugs, 4 screws and 4 plastic protectors for brackets - for quick and simple mounting.

More efficiency by ensuring the return temperature to a boiler is below 55°C

RAS-B²

The **simple** solution to **efficient heating**

Unbalanced heating systems are a constant source of frustration for end users and call backs for heating installers. Noisy radiators, uneven heat distribution, excessive heating bills, and energy waste are all consequences of inefficient and wasteful systems.

With a 2-in-1 design that combines a thermostatic radiator valve and a hydronic balancing valve in a single product, the '**self balancing**' RAS-B² from Danfoss gives you the ability to simply and cost-effectively solve these issues while increasing your customers' comfort and satisfaction.

Complete home heating

Wiser Thermostat Kit 1

One channel smart thermostat kit suitable for combi boilers, easy to install on standard wallplate. Add Wiser Radiator Thermostats for multi-zoning. Control on the move via the Wiser Home app.

Manufacturer Product Code

WT714R9K0902

Wiser Thermostat Kit 2

Two channel smart thermostat kit suitable for system boilers, easy to install on standard wallplate. Add Wiser Radiator Thermostats for multi-zoning. Control on the move via the Wiser Home app.

Manufacturer Product Code

WT724R9K0902

Wiser Thermostat Kit 3

Three channel smart thermostat kit suitable for system boilers with two heating zones, easy to install on standard wallplate. Add Wiser Radiator Thermostats for multi-zoning. Control on the move via the Wiser Home app.

Manufacturer Product Code

WT734R9K0902

Wiser Multi-zone Kit 1

One channel smart multizone kit suitable for combi boilers. Easy to install on standard wallplate. Maximise comfort with individual room control via Wiser Radiator Thermostats. Control on the move via the Wiser Home app.

Manufacturer Product Code

WV714R9K0902

Wiser Multi-zone Kit 2

Two channel smart multizone kit suitable for system boilers. Easy to install on standard wallplate. Maximise comfort with individual room control via Wiser Radiator Thermostats. Control on the move via the Wiser Home app.

Manufacturer Product Code

WV724R9K0902

*ErP Class varies depending on boiler type. ErP shown refers to either a Modulating Boiler or an On/Off Boiler.

Expand your smart home

Wiser Radiator Thermostat

Can be added to any Drayton Wiser kit to build a full multi-zone system. Compatible with most standard radiator valves. Control on the move via the Wiser Home app.

Manufacturer Product Code

WV704R0A0902

Wiser Room Thermostat

Add to rooms with radiator thermostats as a master control, underfloor heating for zone control or electrical heat switch for temperature control. Works with all Wiser kits.

Manufacturer Product Code

WN704R0S0902

Wiser Plug

Add up to 10 smart plugs to any system to enable remote scheduling of your home electrical appliances via the Wiser Home app. Also acts as a range extender for Wiser devices. Also acts as a range extender for Wiser devices.

Manufacturer Product Code

WB704H1A0902

Wiser Electrical Heat Switch

Add the device to your existing Wiser system to control a single zone of hydronic UFH or electric UFH, electric radiators and towel rails all via the Wiser Home app. Wiser Thermostat required for temperature control.

Manufacturer Product Code

WE714U1A0902

Wiser Underfloor Heating Controller

Control up to 6 zones of hydronic UFH in addition to radiators via the Wiser Home app. Add Wiser Thermostat for zone control.

Manufacturer Product Code

WF762F1A0902

NEW

 **ARISTON**

COMFORT. ALWAYS ON

NUOS PLUS WI-FI

THE FUTURE OF SMART, SUSTAINABLE COMFORT IS HERE

SMARTPHONE CONTROL

Manage NUOS Plus Wi-Fi via the Aqua Ariston NET app remotely*. Benefit from full control via daily programming and consumption reports for even more energy savings.

* App use optional, main controls available on front panel

80% ENERGY SAVING

Up to 80% more energy saving than traditional water heaters with same capacity

FAST HEAT UP TIMES

Lowest heating time on the market*, with superior COP

PLUG & PLAY

"Plug & Play" monobloc unit - no F-Gas qualifications needed to install the unit

ECO-FRIENDLY

R134A eco-friendly refrigerant for water temperatures up to 62°C in heat pump mode

*According to EN 16147 regulation

WATER STORAGE

The Piccolo point of use electric storage water heater is ideal for fitting or retrofitting in occasional use areas with limited space in a domestic or light commercial environment.

CODE	DESCRIPTION	PART NO
Electric Storage Water Heaters		
Piccolo		
261040	PICCOLO 2kW, 5L	3100525

The Andris Lux is the UK's market leading electric water heater within its category and perfect for a range of domestic and light commercial applications. Andris Lux water heaters are renowned for safety, durability, comfort and design and each compact unit is equipped with a mechanical dial for simple usability and an Ariston red heating lamp.

WE SIMPLY DELIVER MORE

MAKE YOUR JOB EASIER WITH

WHY ORDER ONLINE?

See the prices you pay at a glance

View your buying price, manufacturer list price and discount in one.

Check up-to-date stock levels

See live stock levels from your local branch.

Place an order after 5pm

Using the website to place orders allows you to do so at a time that suits you.

Invoice to Inbox

Review your order instantly with order confirmation emails sent as soon as you place the order online. This allows you to easily keep track of not just what you have ordered, but how many and the value of your order.

Enhanced product details

From manufacturer guarantees, features and benefits. The website holds a wealth of product information and technical detail, so you can answer customer questions easier and find the right product for their project.

Green Storage WB Range Cylinders

Unvented and solar unvented hot water storage solution from Worcester Bosch.

Our high quality Green Storage WB Range of unvented (90-300 litre) and unvented solar (180-300 litre) cylinders offer an affordable solution for your customers.

25 year guarantee on the basic vessel and offer a 5 year guarantee on components as standard*

Larger capacity cylinders with 7 variants from 90 up to 300 litres - all offering high flow rates (flow rates are dependent on the incoming mains pressure).

Factory installed G3 temperature and pressure relief valve to save time on installations. G3 kit included and can be installed with our system diverter valve kit.

Rapid re-heat times with excellent levels of heat retention to speed up hot water demand from your customer.

Allure Clifton Chrome with Inlay Trim

The Allure range of inset gas fires provides increased flexibility when it comes to choosing a gas fire.

Combining the latest technology from Valor, the Allure range delivers the flame realism of a real fire courtesy of the deep, realistic coal effect fuel bed, warm glow and open fronted design.

- 4kW heat output / 64.5% efficiency
- Choice of five designs - Alton, Bauhaus, Blenheim, Clifton & Downton
- Choice of four colour finishes - black, brass, brushed chrome & chrome
- Choice of seven trim options in a mix of colour finishes
- Available in manual, Fireslide or remote control
- Suitable for natural gas & LPG

1 year standard + 2 year extension if consumer purchases from Valor Centre retailer and registers within 28 days of purchase

To view the full Allure range see page 435

Certainly Wood Accessories	
135650	Kiln Dried Logs Bag
135651	Kiln Dried Kindling Box - enough to light approx 16 fires
135652	Flamers Natural Firelighters (24 per Box)
135654	Flamers Natural Firelighters (12 packs of 3)
135655	Flamers Natural Firelighters (Pack of 50)
135653	Fire Starter Kit - logs with kindling, a pack of mini flamers natural firelighters and a box of matches

Offer your customers something special

For the first time in an electric fire, a 2D flame effect is given 3D depth with the illusion of seeing through the flames to the back of the fire.

- Choice of 11 models in 5 different designs
- Mix and match fuel bed - all models come with crystals, logs and coals. Selected models also have pebbles
- Adjustable flame colour - deep orange or with blue flame
- Adjustable flame intensity - low, medium, high, pulsating; plus option to have fuel bed top light on or off
- 2kW thermostatically controlled fan heater
- Flame effect works independent of heat
- Remote control of all features

DIMPLEX APPROVED SHOWROOMS

We appreciate that choosing a new fire can be an important decision, which is why we want customers to be able to see a variety of fires and actually touch, try and see the realism of the flame effect for themselves.

To give customers every confidence that they are buying the right fire, the **Dimplex Display and Demonstrate Approved network** has been created, which is available across the UK for approved retailers.

Dimplex Centres have a **minimum of four fires** on display including at least one from the Opti-myst range.

Dimplex CentrePlus retailers have a **minimum of seven fires** on display including at least three from the Opti-myst range.

The Display and Demonstrate range is only available for viewing, demonstration and purchase from approved retailers with showroom premises. Retailers' details for approved Dimplex Display and Demonstrate outlets are available on the Dimplex website.

Valor Excelsior Dimension Inset Gas Fire

VALOR APPROVED SHOWROOMS

Choosing the right new fire for a customer and getting the right advice is important which is why we want customers to be able to see a variety of fires and actually touch, try and see the realism of the flame effect for themselves.

To give customers every confidence that they're buying the right fire, the **Valor Centre Approved Network** has been created and is available across the UK for approved retailers.

Valor Centres have a **minimum of three** fires on display, and **Valor Centre+** retailers have **five fires**

on display, including at least one model from the Inspire Collection.

Only **Valor Centres** that display one of the impressive **Inspire Collection** gas fires are able to sell the Inspire range to customers.

The
I N S P I R E
COLLECTION

Inspire 1000 Fireslide with edge trim in anthracite, mirrored glass liner and oak logs

Valor Inspire Range

The Inspire Collection is exclusively available only through the **Valor Centre network** and only to approved retailers. The collection offers a choice of **five** high quality gas fires which all bring a touch of luxury into customer's living rooms. Customers can choose from **Inspire 400, 500, 600, 800 and 1000** models, each with a wide range of design options, innovations, performance features and easy installation and servicing.

The 500, 600 800 and 1000 models are each available with a choice of liners, logs and trim effect. Available with two fuel beds, five ceramic back liners and two trim designs, each in a choice of four colours.

The 500, 600 and 800 models also come with a choice of two suites for each model. Inspire gas fires from Valor can even be purchased with a frameless kit which requires no trim.

The 400 is the first inset model in the Inspire range, offering a choice of three back liners, two trims each available in three sided or four sided designs as well as a choice of three luxurious suites.

For the ultimate in convenience all fires in the Inspire collection also come with Valor's unique Fireslide control, a first of its kind for premium gas fires. Plus the 500, 600, 800 and 1000 models are also support the option for an advanced remote control which offer a wider host of features.

Sale Terms: Primaflow F&P

September 2015

Your attention is in particular drawn to terms 4 and 9.

If you are a consumer (as defined by the Consumer Transactions (Restrictions on Statements) Order 1976) we recognise that you may have additional rights under statute if we fail to carry out our obligations to you and for the return of defective goods and confirm your statutory rights are not affected by these terms.

1. Definitions and Interpretations

1.1 In these terms "we" or "us" means the member company of the Travis Perkins Plc Group specified in the contract for the sale of goods and/or services to you; "you" means the person, firm or company who purchases the goods and/or services from us; and "our" and "your" shall be construed accordingly and "contract" means any order which has been accepted by us

1.2 References to any statutory provision shall include (i) any subordinate legislation made under it (ii) any provision which it has modified or re-enacted and (iii) any provision which subsequently supersedes it or re-enacts it.

2. Application of Terms

2.1 These terms apply to all sales of goods and/or services by us to the exclusion of all other terms (including any which you purport to apply) unless expressly agreed in writing in advance by one of our Directors.

2.2 Each order or acceptance of a quotation for goods and/or services by you shall be deemed to be an offer by you to buy goods and/or services subject to these terms. No order or acceptance of a quotation by you shall be deemed to be accepted by us until written confirmation of order is issued by us or (if earlier) we begin to process your order. We shall be entitled to withdraw any quotation at any time (whether or not already accepted by you).

2.3 You acknowledge that you have not relied on any statement or representation made or given on our behalf. Any estimate of quantities needed, advice as to the suitability of any goods for a particular purpose and any plan or measurement given by us is given for guidance only (based on your information) and without liability on our part. No allowance is made by us for additional materials, wastage or installation. You must satisfy yourself that all goods and/or services ordered are correct.

2.4 Any typographical error or clerical omission in any sales literature, quotation, price list or other document issued by us may be corrected without liability on our part.

3. Description of Goods

3.1 The quantity and description of the goods are set out in our quotation or confirmation of order. We may supply goods in either metric or imperial sizes in the nearest equivalent measure and goods may be charged in metric allowing for conversion.

3.2 All samples, drawings, descriptive matter, specifications and advertising are issued or published for the sole purpose of giving an approximate idea of the described goods. They shall not form part of the contract and this is not a sale by sample. Each order shall be considered a separate order and we are unable to guarantee that further orders for the same goods will match the previous order.

3.3 Where fine or special tolerances are required in the goods supplied beyond those generally accepted in the building trade, no liability shall attach to us unless such tolerances are notified in writing to us at the time of order and we have acknowledged in writing that we are prepared to accept such order.

4. Delivery of Goods

4.1 Unless otherwise agreed by us, delivery of the goods shall take place at our place of business. Delivery shall occur when you take possession of the goods at our premises or (where we agree to deliver) when the goods are ready for unloading at the delivery address

4.2 Any dates and times we specify for delivery of the goods are an estimate. We shall not be liable to you if we do not deliver on or at any particular date or time. Time for delivery shall not be made of the essence by notice.

4.3 If you fail to accept delivery of any goods when they are ready for delivery, or we are unable to deliver the goods because you have not provided appropriate instructions, documents or consents, we shall be entitled to immediate full payment and risk in the goods shall pass to you. We may store such goods until delivery and you shall be liable for all related costs and expenses arising from such non delivery including transport and storage costs. If you fail to accept delivery of the goods within 6 months of the date of contract, we may sell or dispose of those goods (whether or not you have paid for them). Storage or disposal costs shall be recoverable from you. Any net proceeds of any sale shall be held on trust for you

4.4 We will deliver to site provided that there is a suitable road to the point where delivery is requested. If no such road exists, delivery will be made to the nearest point at which, in the driver's opinion, the vehicle can safely and lawfully unload. Except where we use a vehicle-mounted crane/fork truck, you shall be responsible for safely and lawfully unloading the goods and shall provide all necessary labour and equipment. We may charge you an additional fee if you delay in taking delivery of the goods when tendered. If any goods, packaging or container has been delivered and deposited, whether on the public highway or elsewhere, you shall be responsible for all steps that need to be taken for the protection of persons or property in relation to such goods, packaging or containers and shall indemnify us in respect of all or any costs, claims, losses or expenses which we may incur as a result of such delivery.

4.5 We shall not be liable for any shortages in quantity delivered unless you give written notice to us of such shortages within two working days of delivery. In any event our liability shall be limited to making good the shortfall or (at our option) issuing a credit note or refund at the pro rata contract rate against any invoice raised for such goods.

4.6 We may deliver the goods by separate instalments. Each instalment shall be a separate contract and cancellation or termination of one instalment shall not entitle you to cancel any other instalment.

4.7 Any query about delivery shall be made as soon as possible and in any event within twenty eight days of the date when the goods would in the ordinary course of events have been delivered else the goods shall be deemed to have been delivered in accordance with the contract.

4.8 We shall not be responsible for taking back any non-chargeable packaging/pallets.

4.9 The cost of any testing of the goods that we deem is necessary whether or not in your presence, will be charged to you, unless prior written agreement has been obtained from us. If you (or your representative) delay in attending such tests, after seven days' notice of the place and time of such tests, the tests will proceed in your absence and shall be deemed to have been carried out in your presence.

5. Risk and Ownership of Goods

5.1 The goods are at your risk from the time of delivery or deemed delivery.

5.2 Ownership of the goods shall not pass to you until we have received in full (in cleared funds) all sums due to us in respect of the goods and all other sums which are or become due to you from you on any account or (if later) the time of delivery.

5.3 Until ownership of the goods has passed to you, you shall hold the goods on a fiduciary basis as our bailee and store the goods (at no cost to us) in satisfactory condition and in such a way that they remain readily identifiable as our property and you shall tell us immediately where the goods are situated.

5.4 Subject to 5.5, you may resell the goods before ownership has passed to you provided that any sale shall be effected in the ordinary course of your business at full market value and you shall deal as principal; you shall hold all proceeds of sale on trust for us and assign to us all rights and claims which you may have against your customer arising from such sales until full payment is made.

5.5 Your right to possession of, and authority to sell the goods shall terminate immediately (and you shall immediately deliver the goods to us at your cost and risk) if we notify you to such effect or on the happening of any event set out in 10.3(a)-(j) (whichever is earlier) and you shall immediately notify us in writing upon the happening of any such event.

5.6 You grant to us and our agents an irrevocable licence at any time to enter any premises (with and without vehicles) where the goods are or may be stored in order to inspect them or, where your right to possession has terminated, to recover them.

5.7 Where we are unable to determine whether any goods are the goods in respect of which your right to possession has terminated, you shall be deemed to have sold all goods of the kind sold by you to you in the order in which they were invoiced to you.

6. Provision of Services

6.1 Where the goods supplied include services by us, our agents or subcontractors, you shall (where necessary) allow us safe and reasonable access to the site within our normal working hours to carry out the services.

6.2 The price quoted for such services assumes that:

- the site is ready and suitable for the services to commence at the agreed time;
- the services are to be carried out within our normal working hours;
- suitable site access is available at all times; and
- adequate mechanical lifting equipment is provided by you in the event that the services are to be carried out above ground level.

If any of these assumptions proves incorrect, we shall be entitled to vary the price.

6.3 You shall provide a safe environment and all necessary consents, information, and resources for us, our agents and subcontractors to carry out the services.

6.4 In relation to any installation services, you are responsible for insuring the goods (whether before or after installation) and shall notify your insurers that we will be carrying out such services on site. You must protect carpets, furniture and all other items.

6.5 Any dates and times we specify for commencement and completion of the services are an estimate. We shall not be liable if we do not carry out the services on or at any particular date or time. Time for performance shall not be made of the essence by notice.

6.6 If we provide design services, all copyright and other intellectual property rights created, developed or used shall remain the sole property of us or our licensors.

7. Price and Additional Charges

7.1 Unless we otherwise agree in writing, the price payable for the goods and/or services shall be the price applicable on the date of delivery or deemed delivery for goods and the date the services are carried out for services.

7.2 The price for the goods and/or services shall be exclusive of any value added tax, which shall be payable by you at the rate applicable at the tax point

7.3 We may at any time after acceptance of an order, but prior to delivery, revise the price payable for the goods and/or services to take account of increases in costs including, without limitation, costs of any goods or materials, carriage, labour or overheads, the increase or imposition of any tax duty or other levy and variation in exchange rate.

7.4 Unless we otherwise agree in writing, we may charge you the cost of delivering the goods to you.

7.5 We may charge for any special packaging to cover the cost of labour and materials. We will charge for pallets, crates and cases but these charges will be credited in full if such items are returned to us carriage paid and in good condition within seven days of delivery. Where we agree to collect such pallets, crates and cases, you shall make such items available for collection on request.

8. Payment and Interest

8.1 Payment for goods and/or services supplied on a credit account shall be due not later than the last day of the month following the month of delivery or deemed delivery of the goods and/or services. If you default in making payment, the entire balance of your account shall be payable immediately and we may charge interest, together with costs and expenses, in accordance with 8.4.

8.2 For non credit account purchases, payment shall be with the order or, at our discretion, on delivery or deemed delivery.

8.3 Time for payment shall be of the essence. You shall make all payments in pounds sterling and in full without any deduction.

8.4 If you fail to pay us any sum due (and whether or not any part of your account is subject to query), we may, in addition to our rights under 10.3, appropriate any payment made by you to such of the goods and/or services (or such goods or services supplied under any other contract between you and us) as we may think fit; and you shall be liable to pay us interest on such sum at the annual rate of 4% above the base lending rate from time to time of the Royal Bank of Scotland Plc, accruing on a daily basis, or, at our option, interest in accordance with the Late Payment of Commercial Debts (Interest) Act 1998 (as amended and supplemented by the Late Payment of Commercial Debts Regulations 2002) from the due date for payment until payment is made in full, whether before or after any judgment, together with all costs and expenses incurred by us in recovering sums due or exercising our rights under this provision, including our debt recovery fees at a rate of 6% of the total amount outstanding.

8.5 Credit accounts may only be opened at our discretion and are subject to satisfactory references. We may set a maximum amount of credit allowable upon each account and withdraw credit facilities without explanation. You agree that we may obtain, retain, and provide to third parties, references as to your financial standing. Any change in the constitution of your organisation must be notified to our Head Office Credit Services Department in writing prior to it occurring in order that credit facilities to the reconstituted organisation may be put in place, subject always to our discretion and our confirmation in writing. Until new credit facilities are agreed, the existing entity and any new entity shall be jointly and severally liable for any debt due to us.

9. Liability

9.1 If any goods or services are defective due to defective workmanship or material, we shall (at our option) repair or replace such goods (or the defective part) or rectify the defective service or refund the price of such defective goods or services at the pro rata contract rate provided that:

- (a) you give us written notice of the defect within seven days of the date of delivery or completion of the services or, in the case of a defect which is not discoverable upon reasonable examination, within seven days of the time when you discover or ought to have discovered the defect (and in any event within twelve months from the date of delivery or completion of the services);
- (b) we are given a reasonable opportunity after receiving notice to examine such goods and/or services (in situ) and (if asked to do so by us) you return such goods to our place of business for the examination to take place there;
- (c) you do not make any further use of such goods after giving such notice; (d) the defect is not due to wilful damage, negligence (other than ours), fair wear and tear, alteration or repair of such goods without our prior written consent or incorrect storage, application, movement, installation, commissioning, use or maintenance of the goods (other than by us); and
- (e) the defect is not due to any act or omission of you, your agents or contractors.

9.2 Our entire liability for defective goods and services is set out in 9.1 and in particular we shall not be responsible for either the cost of removing the goods from any place where they are installed or fixed (or making good the place after removal) or for the cost of installing or fixing any repaired or replacement goods unless due to our defective service.

9.3 On request, we will provide information about any manufacturer's guarantee offered and available to you in respect of the goods but we are not legally responsible for any obligation under manufacturer's guarantees. Where the goods contain a warranty or guarantee offered by us please refer to the special conditions applicable on our website or available upon request.

9.4 Save as expressly set out in these terms, all warranties and other terms implied by statute or common law (save for the term implied as to title) are, to the fullest extent permitted by law, excluded from the contract.

9.5 Our total liability in contract, tort (including negligence or breach of statutory duty), misrepresentation, restitution or otherwise, arising in connection with the performance or contemplated performance of the contract shall be limited to the contract price.

9.6 We shall not be liable to you for any pure economic loss, loss of profit, loss of business, depletion of goodwill or loss of anticipated savings, in each case whether direct, indirect or consequential, or any other indirect losses whatsoever and howsoever caused.

9.7 Nothing in these terms excludes or limits our liability for (a) death or personal injury caused by our negligence, (b) fraud or fraudulent misrepresentation; and (c) any other matter which it would be illegal for us to exclude.

9.8 Where goods are manufactured in compliance with any designs, specifications or drawings supplied by you or your customer, you shall indemnify us against all proceedings, costs, claims, losses or demands in respect of any infringement or alleged infringement of any intellectual property rights whatsoever of third parties in any part of the world.

10. Cancellations and Returns

10.1 We may, at our discretion, accept or reject the cancellation of any contract or the return of any goods not required. Any such cancellation or return shall be on such terms as we specify and in particular we may charge you a handling fee and all costs incurred on cancelled Orders.

10.2 Where you are a "consumer" under a "distance contract" (both as defined in the Consumer Contracts (Information, Cancellation & Additional Charges) Regulations 2013) you may cancel a contract within fourteen (14) working days after the date the goods are delivered. You must return the goods to the branch from which they were delivered or request us to collect the goods, at your cost. This term shall not apply to any goods specially obtained or made for you or which are liable to deteriorate or expire rapidly. Any refund will only include standard delivery charges (where relevant).

10.3 We shall be entitled to cancel or suspend a contract if you fail to pay us any sum due pursuant to the contract (whether or not any part of your account is subject to query) or any of the following events occurs or we believe is likely to occur:

- (a) you have a bankruptcy order made against you or make an arrangement or composition with your creditors, or otherwise take a benefit for the relief of insolvent debtors; or
- (b) you convene a meeting of creditors or enter into liquidation; or
- (c) you have a receiver and/or manager, administrator or administrative receiver appointed over your undertakings or any part; or
- (d) a resolution is passed or a petition presented to any court for your winding-up or for the granting of an administration order in your respect, or any proceedings are commenced relating to your insolvency or possible insolvency; or
- (e) you suffer or allow any execution, whether legal or equitable, to be levied on your property or obtained against you; or
- (f) you are unable to pay your debts within the meaning of section 123 of the Insolvency Act 1986 or you cease to trade; Or
- (g) any event similar to the above occurs; or
- (h) you fail to observe or perform any of your obligations under the contract or any other contract between us and you; Or
- (i) you encumber or in any way charge any of the goods.

11. Health and Safety

Certain goods supplied by us could, if incorrectly used, give rise to risks to health and safety. Information in respect of such goods is available from us. You undertake that you will ensure compliance by your employees, agents and customers with any instructions given by us or the manufacturer or our supplier and will take any other steps or precautions, having regard to the nature of the goods, as are necessary to preserve the health and safety of any person handling, using or disposing of them.

12. Waste

You will be responsible for the disposal of any waste arising from the goods and will comply with all applicable laws, regulations and waste management licences relating to such waste, including the appropriate disposal by you of any goods marked with a crossed out wheellie bin symbol, save where you are a consumer and it is our responsibility at law. You will indemnify us against all costs, claims, liabilities and expenses arising from any breach by you of this provision

13. Force Majeure

We may defer the date of delivery, cancel the contract or reduce the volume of the goods and/or services ordered by you (without liability to you) if we are unable to deliver or supply due to any cause beyond our reasonable control (including the acts or omissions of our suppliers and subcontractors).

14. Export / Overseas Contracts (if applicable)

In relation to goods sold outside the UK, the Channel Islands and the Isle of Man, risk in the goods shall pass to you when they leave our premises. Shipping and insurance shall be payable by you but will be managed by us unless otherwise agreed. You are responsible at your own expense for obtaining any licence and complying with any export or import regulations in force within the UK and any country for which the goods are destined. Certain goods imported from the United States of America by us are subject to specific restrictions. We reserve the right not to supply certain customers or countries and to require from you full details of the end use and final destination of the goods.

15. Compliance with Bribery Legislation

You agree that you will not, in connection with the goods or services to be supplied under this contract, bribe or attempt to bribe us, or any of our employees, agents or affiliates nor cause us to be in violation of any applicable bribery or anti money laundering laws. We may terminate the contract in the event of your breach of this clause. You shall indemnify us against all liabilities, costs, expenses, damages, claims, demands and losses suffered or incurred by us arising out of or in connection with any breach of this clause, whether or not the contract has been terminated.

16. General

16.1 Any notices given pursuant to or in relation to the contract shall be in writing and addressed to the party concerned at its principal place of business or last known address. Any notice shall be deemed delivered two days after posting or on the next working day after fax transmission.

16.2 Any provision of the contract found to be invalid or unenforceable shall, to such extent, be deemed severable and the remaining provisions of the contract shall continue in full force and effect.

16.3 Failure or delay by us in enforcing any contract term shall not be construed as a waiver of any of our rights under the contract.

16.4 You shall not be entitled to assign or subcontract any of your rights or obligations under the contract.

16.5 Save for any member company of the Travis Perkins plc Group who shall be entitled to enforce any provision of the contract, no person who is not a party to the contract shall have a right to enforce any term of the contract which expressly or by implication confers a benefit on that person.

16.6 Any dispute or claim arising in connection with the contract shall be governed by English law and the parties submit to the exclusive jurisdiction of the English courts, save that if you are domiciled in Scotland (within the meaning of the Civil Jurisdiction and Judgments Act 1982) then the contract shall be construed in accordance with Scottish law and shall be subject to the exclusive jurisdiction of the Scottish courts.
