Rimless Technology

Hygienic solutions for every bathroom

Rimless toilets offer a hygienic solution, the elimination of the rim discourages unwanted germs which can often breed underneath standard toilet rims.

Low water consumption and optimum flushing performance complement the hygienic benefits of a smooth, corner-free design.

CERAMICS

25

YEAR
GUARANTEE

Easier to clean

Smooth interior walls and no rims.

Optimal flushing

Rimless technology flushes the water around the pan providing a thorough flush.

Larger clean area

The design of the bowl allows water to flow upwards, cleaning the entire surface.

Hygienic solution

Uniform distribution of water washes the entire surface of the bowl.

Acrylic bath panels

Reinforced standard and tall panels go through a two stage reinforcement process to make them strong, rigid, smooth and glossy.

Superthick panels are made from double thickness, high impact polystyrene.

Panels can also be used with most steel baths
